

Welcome to our second newsletter for the CSNA(UK) – Christian Science Nursing Association (United Kingdom). Have you joined our closed-group Facebook page yet? Please do. We would love to see your name there and be able to communicate with you that way. Do use it to send ideas or ask questions. The committee has met regularly via zoom conferencing and we all agree that we would like – and need – your input on two matters.

## THE CONFERENCE

Monday 8<sup>th</sup> to Wednesday 10<sup>th</sup>  
October at Jurys Inn, Croydon

The first and last day will be similar in content and are primarily for Christian Science Nurses. Tuesday will be for a wider audience to include metaphysical and administrative/executive matters, which can involve all of us. We hope Christian Science Nurses will feel free to attend for two consecutive days. We welcome anyone with a supporting interest including Christian Science Practitioners and Teachers. Accommodation will be at the hotel and we will provide booking forms later on. Come on Sunday night ready for Monday.

We will have speakers, workshops, discussions and breakout sessions. Who would you like to hear speak? What topics for the workshops and discussions are you interested in? What are the specific subjects we should be covering? What about ideas for metaphysical study that we can consider? We cannot promise we will do all that is wanted but we will try to include whatever is achievable. This is a UK conference but we will also invite our European colleagues.

Please let any of us on the committee know your thoughts, ideas, requests and suggestions. Just send us an e-mail **right now!**

## THE WEBSITE

This is a new and important enterprise – useful in many ways

We already have some initial ideas about structure and content but as this website is for *you* we want it to be as useful and engaging as possible. So, we have two particular questions for you.

1. What would you like to see included on the website?
2. What resources have you used in the past that you think might be useful for us to include?

These could be either a practical resource you have used or one focused on Christian Science Nursing.

And then there are links. We want to include plenty that will help to save you time when searching and also signpost you to other relevant websites.

So, once again please let any of us on the committee know your thoughts, ideas, requests and suggestions. Send us an e-mail. The website will grow and change over time but we do want to get it off to a really good start.

**The sooner you let us know the better. Write to us now! We'll keep you up-to-date via our newsletters and Facebook group.**

*We need your input for our conference and website*

## WHAT ELSE?

We found that not all the e-mail addresses worked so we posted to those that bounced back who are listed in the CS Journal. We would prefer to use e-mail. If you know of someone not contacted please tell us.

## GENEROSITY

We've just heard that the Albert Baker Fund will fund \$200 of the conference fee for all Christian Science Nurses who attend.

## THE MINISTRY OF CHRISTIAN SCIENCE NURSING

Christian Science nursing is a practical, spiritual ministry that actively supports an individual's decision to rely on Christian Science for healing. Established in *The Manual of The Mother Church*, (Article VIII; Section 31), this caring activity is grounded in the Bible-based teachings of Christian Science, impelled by Christ Jesus' commandment to "love one another" ([John 15:12](#)).
