NEWSLETTER

MAY 2019

What a great conference we all had in Croydon! Thank you to everyone for coming and making it such a success. Now we are looking ahead to the next conference in October 2020, which is likely to be in Manchester. It will once again be three days with the opportunity for those who cannot come on the first day not to miss out and to come on the third day instead -- a repeat of the first day. If you have ideas for this please tell us. We know that there is something very special in Christian Science Nurses coming together to meet each other, to share ideas and inspiration, and to network.

OTHER NEWS

We sent letters earlier in the year to all Christian Science Churches, Societies and also Christian Science Practitioners and Teachers in the UK thanking them for their support and telling them what has been achieved as well as asking for donations. If you think that your church may not have received this letter do let us know and we will send it again.

Our search for a Secretary continues. You may have seen the advert in the recent Art Store Bulletin. We are grateful to those Christian Science Nurses who have asked about this post but we feel that what you do in the Christian Science Nursing field is very important and we would not want to take you away from doing that. We know how busy you all are.

Don't forget to join our closed Facebook group, a valuable forum where you can share ideas. Please send a request to join. [Christian Science Nursing Association \(UK\)](#). It is still in its infancy but we will be putting up more information and links including photos and videos.

THE MINISTRY OF CHRISTIAN SCIENCE NURSING

Christian Science nursing is a practical, spiritual ministry that actively supports an individual's decision to rely on Christian Science for healing. Established in *The Manual of The Mother Church*, (Article VIII; Section 31), this caring activity is grounded in the Bible-based teachings of Christian Science, impelled by Christ Jesus' commandment to "love one another" ([John 15:12](#)).
