## Christian Science Nursing Association UK

### Spring 2020 Newsletter

**Greetings** to our dear Christian Science Nurses; and a welcome in particular to Priscilla Root, the new Christian Science Nursing Manager at Charton Manor. We recognize and give special thanks to those of you who are working long hours and may be away from home during this difficult time. Around the world people are beginning to think about prayer in a new way. Christian Science prayer never ceases; it is the best resource possible to help, heal and comfort in all situations. How wonderful that we know that the healing presence of the Christ is always with us, wherever we are and whatever we are doing.

We want to gratefully acknowledge you as First Responders. We are deeply thankful for your continued dedication towards your healing ministry, ensuring safe protection for all your patients and colleagues, amidst challenging times and constantly updated practices. Thank you for all you do. Be assured that your committee is including each one of you in their daily prayers.

For some time it has been known, and requested, that an information pack for churches and practitioners would be very valuable. Work is in progress gathering such information that relates to Christian Science Nursing, the Christian Science Houses, funding and other resources that people need to know about. If you feel that there is something that should be included do let us know.

### Facebook Group:

We urge you to join the closed Facebook Group. Send a request to join Christian Science Nursing Association (UK). It is a useful forum and we do want to see it used more.

## Manchester Conference

We are preparing for our conference in Manchester from 5-7 October. Current world challenges are delaying our plans for speakers and other arrangements but please put these dates in your diary, as we will have a conference in some form or another. We have a fine theme: “A fearless wing and a firm foundation“ (Mary Baker Eddy writes: ‘Christian Science gives a fearless wing and a firm foundation.’ Misc 213:19-20) Perhaps with the current situation new ideas may be coming to you for the conference that you would like to see presented or discussed. Do let us know.

### CSNA (UK) Committee

Chair - Sally Lessiter

Jo Gray CS

Alison Hughes CS

Treasurer – Roger Buse

Christian Science nurses –

Audrey Sentinella

Wendy de la Harpe

Secretary – Paul North
